EXECUTIVE SUMMARY

➤ Iam Kunj Boghra,a passionate Web Developer with 1.5 Year of professional experience at Descube IT Solutions. Specializing in HTML, CSS, and currently advancing my skills in JavaScript, React JS, and Tailwind CSS, I am dedicated to creating dynamic and user-friendly web applications. My experience includes collaborating with cross-functional teams, ensuring clean and efficient code, and following best practices in software development. With a strong foundation in web development and a commitment to delivering high-quality solutions, I strive to contribute to every project I work on.
